

## CORELIS, INC. -CORPORATE QUALITY POLICY

Corelis Inc., has established this quality policy to ensure that we, individually and corporately, will accomplish our stated mission and strive to fulfill our corporate vision:

Our mission is anchored by an energized, highly skilled, and experienced team of professionals, working together in an environment within our company that champions creativity and excellence and an unyielding commitment to our customers.

As the premier test partner for customers in the embedded systems industry, we produce innovative automated test solutions that support their next-generation testing requirements. We remain focused on the future and empower our customers with solutions that ensure that their products and technologies are reliable and efficient.

Our vision is to inspire our customers to engineer beyond their limits, using innovation and technology to change the world around us.

Corelis is committed to:

- Consistently exceed the expectations of our customers with high quality products and services and maintain a Quality Management System (QMS) which satisfies the requirements of ISO9001:2015 and AS9100D.
- Continually improve our products and services using Corelis' QMS, which documents our processes and procedures, and provides guidance for us to evaluate the results of our performance.
- Establishing strategic and operational quality objectives which will be measured and reported annually at management review meetings.
- Objectively document information to demonstrate our compliance with Corelis' QMS, and maintain, control, and continually monitor all products and services offered and ensure that we are aligned with our quality policy.
- Reviewing the QMS at planned intervals to ensure it remains effective and achieves the stated objectives and complies with all applicable statutory and regulatory requirements.
- Consistently produce the most innovative, efficient, and high-performing technology in support of our customers' requirements, with a broad range of hardware and software products and services that are clearly differentiated from our industry competitors.

Our Senior Management team is fully engaged and committed to the above and encourages the same commitment from team members at all levels of the Company.

David Mason  
CEO, Corelis, Inc.
