

PRODUCT LIFE CYCLE BULLETIN

01 July 2016

Subject: End of Sale Notice - Blackhawk 20e_cTI Pin Converter Kit

1. Blackhawk announces its intent to discontinue offering the Blackhawk 20e_cTI Pin Converter Kit (20e_cTI). The End of Sale date for this kit is scheduled for 01 January 2017. The three pin converters contained in this kit will continue to sold individually.

2. Definitions.

- End of Sale (EOS). The last date to order the product. The product is no longer for sale.
- End of Life (EOL). The last date that Blackhawk will provide support to the product(s) listed below. The EOL date is twelve (12) months from the EOS date. Emergency recovery and/or upgrades may be performed in accordance with customer specific service plans or upgrade agreements as negotiated prior to EOS.
- End of Life (EOL) Cycle. A process that guides the final business operations associated with the product life cycle. The end-of-life process consists of a series of technical and business milestones and activities that, once completed, make a product obsolete. Once obsolete, the product is not sold, manufactured, improved, repaired, maintained, or supported.
- Software Maintenance Contract Support. The time period that Blackhawk may release any software maintenance releases or bug fixes to the software product. Software maintenance support will terminate on the End of Life date. After this date, Blackhawk will no longer develop, repair, maintain, or test the product software.
